This room has been made available for the University community and visitors. To check the Outlook calendar and make reservations for the room:
www.fm.colostate.edu/lactation_rooms

If you don’t have access to the Outlook calendar, please reserve this room by contacting the proctor for this building: www.fm.colostate.edu/proctors

Please leave the door unlocked when you leave so others may access the room.
CSU can restrict access to this facility should the room be used in a way other than its intended purpose.

SCALE 1/2” = 1’-0”
CSU Standard Lactation Room Signage
October 2018

SIGN DETAILS: Located outside the room

Plastic Engraving Stock Background, 1/32" to Match Matthews Automotive Paint "Dark Bronze".

Dark brown matches new building window mullion color and exterior signage family.

* Required per ADA:
  - Non-glare background and characters required per ADA.

White Pictograms,
Raised 1/32"

Required per ADA:
  - Symbol raised from sign surface, min. 1/32". Separated 3/8" min from Braille and text.

White Text,
5/8" Ht., Raised 1/32" Proxima Nova Semi-Bold

Text Requirements per ADA:
  - Text raised from sign surface, min. 1/32". Sans serif font, all uppercase.
  - Distance between character must be a minimum of 1/8" and a maximum of 4 times the character stroke width. Separated 3/8" min from Braille and pictograms.
  - Text and background must contrast.

Braille, Grade 2, Domed, Material to Match Adjacent Panel

Braille Requirements per ADA:
  - Grade 2. Located directly below associated text. If raised text is multi-line, Braille is placed all on one line. (If possible). Ensure space for 2 lines of Braille. Separated 3/8" min from text and images. Braille must be domed or rounded, never flat or pointed.

White Text,
3/16" Ht., Proxima Nova Regular (Typ.)

Plastic Engraving Stock Background, 1/32" to Match Matthews Automotive Paint "Dark Bronze".

NOTES:

Both signs are required. Signs shall not be combined as the website information listed on the smaller sign may need to be changed in the future. Signs to be located on outside of room.

Braille graphics are for illustrative purposes only. Actual Braille to be composed by signage fabricator. All Braille text should be verified before fabrication.

* Signage material, colors, and fonts may match existing or proposed interior signage system. However, all symbols and wordings must follow this standard. Final design must be pre-approved by the CSU Inclusive Physical & Virtual Campus Committee before fabrication and installation.

Signage fabricator to provide shop drawings to CSU Environmental Graphic Designer at Facilities Management for approval BEFORE fabrication.

Any deviations from these standards must be in accordance with the current Standards for Accessible Design per the American with Disabilities Act (ADA).

Installation varies per building and wall finish. Some walls will require fasteners instead of adhesive. Any fastener should not interfere with sign content. Paint fastener to match sign background.
