NOTE: Braille graphics are for illustrative purposes only. All Braille text should be verified before fabrication.
Plastic Engraving Stock Background, 1/8” to Match Matthews Automotive Paint “Dark Bronze”. *(Dark brown matches new building window mullion color and exterior signage family.)*

**Required per ADA:**
- Non-glare background and characters required per ADA.

White Pictograms,
- Raised 1/8”

**Required per ADA:**
- Symbol raised from sign surface, min. 1/32”.
- Separated 3/8” min from Braille and text.

This is the required ADA symbol, no other variation allowed.

White Text,
- 5/8” Ht., Raised 1/8” Proxima Nova Regular

**Text Requirements per ADA:**
- Text raised from sign surface, min. 1/32”.
- Sans serif font, all uppercase.
- Distance between character must be a minimum of 1/8” and a maximum of 4 times the character stroke width.
- Separated 3/8” min from Braille and pictograms.
- Text and background must contrast.

Braille, Grade 2, Domed, Material to Match Adjacent Panel

Note that “Changing Table” text shall be used, not “Family” text in Braille.

**Braille Requirements per ADA:**
- Grade 2. Located directly below associated text.
- If raised text is multi-line, Braille is placed all on one line. (If possible).
- Ensure space for 2 lines of Braille.
- Separated 3/8” min from text and images.
- Braille must be domed or rounded, never flat or pointed.

**Installation:**

Varies per building and wall finish.

Some walls will require fasteners instead of adhesive.

Any fastener should not interfere with sign content.

If possible, paint fastener to match sign background.

Braille graphics are for illustrative purposes only. Actual Braille to be composed by signage fabricator. All Braille text should be verified before fabrication.

Signage material, colors, and fonts may match existing or proposed interior signage system. However, all symbols and wordings must follow this standard. Final design must be pre-approved by the CSU Inclusive Physical & Virtual Campus Review Committee before fabrication and installation.

Signage fabricator to provide shop drawings to CSU Environmental Graphic Designer at Facilities Management for approval BEFORE fabrication.

Any deviations from these standards must be in accordance with the current Standards for Accessible Design per the American with Disabilities Act (ADA).
CSU All Gender Restroom Signage

RESTROOM SYMBOL STANDARDS

April 4, 2016

CSU standard symbol for general and all gender restrooms. This symbol should be used to direct people to all restrooms instead of the “binary” combined women and men's symbols.

The individual “binary” women and men's symbols are allowed to designate the respective restrooms.

CSU standard symbol to designate restrooms with a changing table (“family” restrooms).

“Binary” combined women and men's symbols not allowed to direct people to restrooms.

This symbol is not allowed to direct people to restrooms nor to designate all gender restrooms/facilities.

This symbol is not allowed to direct people to restrooms nor to designate all gender restrooms/facilities.

This symbol is not allowed to designate restrooms with a changing table (“family” restrooms).
