

#### **500.4 Smoking**

Colorado State University creates and maintains an environmental quality which sustains and enhances the general health and well-being of faculty, staff, students, and visitors of the university.

Smoking is prohibited at all times in any area of campus designated as “No Smoking” by the Vice President for University Operations or designee. No Smoking areas will include, at a minimum:

- a. The interiors of all university building and all university owned or leased vehicles.
- b. Outdoor areas within twenty-five (25) feet of any entrance, passageway, operable window, or ventilation system of any university building.
- c. Outdoor courtyards and common areas adjacent to or contained within the perimeter of any university residence hall or apartment.
- d. The outdoor corridor commonly referred to as Centre Avenue Mall or “academic spine” of the main campus, running North to South from the Engineering Building to the Lake Street Parking Garage.
