FACILITIES MANAGEMENT

AT COLORADO STATE UNIVERSITY

FM WEEKLY
COMMUNICATION

Issue 171

Greetings,

For FM State Classified employees and their supervisors, please meet one of CSU's newest Colorado WINS Stewards, Will Schwab. Please see his introduction below. CO WINS is short for "Colorado Workers for Innovative and New Solutions." More information about the state employee union can be found at <https://www.coloradowins.org/>.

Thanks,

Tom Satterly, P.E.
Associate Vice President for Facilities Management

Hello State Classified Employees,

I am Will Schwab, an Electronics Specialist II in Facilities Management Fire Systems Group and a Union Steward for Colorado Wins. I am located in the South basement of the Facilities Management North Building, Room 10.

I became a steward to heighten the voices of State Classified employees and uphold the union partnership agreement. I was motivated to become a steward because I believe communication with management should be open and organic. I believe employees are the experts in their fields and their voices and opinions matter equally to their superiors. Stewards are here to help State Classified employees handle any grievances and misunderstandings that may arise.

I am here to support all State Classified employees at the university, even if you are not a member of the union. I welcome all of your questions and concerns. Feel free to email me at will.schwab@colostate.edu. Call or Text (970) 567-1027. I look forward to communicating and growing with you!

Respectfully,

Will Schwab
