FACILITIES MANAGEMENT

AT COLORADO STATE UNIVERSITY

FM WEEKLY
COMMUNICATION

Issue 111

Welcome FM New Employees (March 2021)

In March, **Anita Dunkelman** joined Building Services, part of the FM Operations section. She is the new Custodial Services Manager for the PM shift. Anita joins us from AT&T with 20 years of operations experience and customer expertise. Her extensive knowledge with the internal systems, with coaching and development, and facilities and procedures were needed to successfully launch a new group within that company. She said, "Servant leadership and an open-door policy style of management helped create positive relationships with direct reports. I want to keep that going here at CSU." In her new position she will be providing managerial support and oversight of eight custodial services teams, consisting of eight Custodian III employees, eight Custodian II employees, and 74 Custodian I employees. Their overall responsibility is to provide a wide range of custodial and cleaning services for the occupants of university buildings.

Anita shares that she has been married for 25 years, has 3 grown kids, 2 dogs, and 3 grand-dogs. She also loves cooking and baking—though not the clean-up! Please welcome, Anita, to Facilities Management!

Please also welcome **Vicky Citrino** to the position of Accounting Tech III within the Remodel & Construction Services section.
