FACILITIES MANAGEMENT

AT COLORADO STATE UNIVERSITY

FM WEEKLY
COMMUNICATION

Issue 116

Welcome FM New Employees (April & May 2021)

We are happy to introduce **David Hendrix** who recently joined the FM Operations section's electrical shop. He said, "I can't tell you all how excited I am to be working here and look forward to meeting you all!" He is a Journeyman Electrician coming from N-Line Electric with residential, commercial, and industrial experience. His position will be maintaining the existing electrical systems on campus, including everything up to 13,200 volts. David also shared that he is a proud husband and father of two. In his free time, he practices blacksmithing out of a forge that he built in his garage.

Please
welcome

Denver-native **Savannah Romero** to the position of Services Accounting Technician. She has been working as an FM student employee for two years and will join the FM Finance section full time in mid-May. She is graduating with a degree in Business Finance and a certificate in Management Accounting. She served as treasurer for her sorority Pi Lambda Chi, Director of Finance for [CSU's Fraternity & Sorority Programming Board](#), and brings some managerial experience

in retail. In her new position, Savannah will be providing technical support and oversight to ensure departmental financial transactions and procedures comply with federal, state, and university laws, regulations, and policies. A fun fact about Savannah: She loves the TV show *The Office* and likes to keep memorabilia on her desk.

Additionally, welcome **Frank Poltzer** who joined Integrated Solid Waste (ISW) in April as a recycle driver. ISW is part of Building Services in the FM Operations section. We welcome him and other new employees to the Facilities Management Department.

FM Retirements (May 2021)

Javier Gonzales-Ramos has worked in FM since June 2005. After 16 years of service within Custodial, Javier is retiring on May 31. Javier works for Custodial Team 3am in the FM Operations section's Building Services Group. This team is responsible for MRB and the Chemistry buildings. Javier says that with retirement he looks forward to spending time with his grandchildren and loved ones. He expressed his appreciation for the camaraderie that his co-workers and supervisors have shared with him over the years.

Custodial supervisor Anthony Martinez offered these words of gratitude for Javier's service: "Javier is a very good person and a good friend. We wish him the best and that he may enjoy his family in the future." Custodial Program Coordinator Jyenna Baeza echoed that sentiment, adding, "I would just like to say what a pleasure it has been working with him all these years." Please join us in thanking Javier for his steadfast commitment to CSU and FM. We offer him best wishes in retirement.
