FM WEEKLY  
COMMUNICATION

Issue 123

Greeting Facilities Management Team,

CSU's Employee Climate Survey has one goal: *to assess the current working environment and to inform decisions and investments that allow employees to work in alignment with the land-grant mission.* The Employee Climate Survey is made stronger by your participation, each voice counts. Together, we can work to achieve the goal of being a work environment where all feel welcomed, valued and affirmed, and employees are able to do their best work and thrive. Over the next month I will be meeting with you in small groups to discuss CSU's Employee Climate Survey, please watch the below video for more details on the upcoming small group forums.

Thank you,

Tom Satterly, P.E.  
Associate Vice President for Facilities Management
